Description: A creative and detail-oriented professional eager to embark on a career where I can infuse spaces with innovative aesthetically pleasing design. Armed with a solid foundation in architectural principles, high attention to detail and a proficiency in design software, I bring a fresh perspective and a passion for pushing the boundaries of conventional design through my creativity and experience in 2d and 3d work.

WORK EXPERIENCE

Intermeuble Design SAL.

Beirut, Achrafieh

Junior Interior Designer

July 2024 – Dec 2024

- Regularly monitored stock levels and managed inventory to ensure availability of products and seamless operations.
- Held one-on-one meetings with clients to understand and refine their design visions and preferences.
- Developed comprehensive furniture plans tailored to client needs, incorporating a variety of furniture selections.
- Designed detailed presentation proposals for clients, including furniture plans, material finishes, and delivery timelines.
- Conducted research and delivered presentations on product knowledge, focusing on premier Italian furniture brands such as Cassina, Poltrona Frau, Tacchini and others.

Badih and Kantar Architects

Beirut, Downtown

Interior Design Intern

Feb 2024 – April 2024

- Conducted interior construction execution files with the Execution department for more than 5 clients efficiently with diligent attention to detail.
 - o Execution Files: Electrical plans – Flooring plans – Plumbing plans – Ceiling plans – General & Detailed sections.
- Designed Furniture, Fixtures and Equipment (FF&E) client presentations with the department and presented alongside the team to translate the client’s vision before execution.
 - o Conducted extensive literature overviews of elite designers to develop our own furniture libraries.
- Developed interior 3D renderings on 3DSMax for more than several ongoing projects.
- Effectively collaborated with more than three departments alongside the existing employee team and intern team to conduct the necessary client requests.
