PROFESSIONAL SUMMARY

A proactive and fast learner with experience in database management and Oracle development. I quickly adapt to new challenges and technologies, delivering efficient results even in areas outside my current experience. Seeking a role where I can contribute my skills while continuously learning to support the organization's growth and success.

PROFESSIONAL EXPERIENCE

Tek-Soft Company, *Software Developer*   *March 2024 – Present*

- Developed and optimized PL/SQL scripts, improving database performance, query efficiency, and data integrity.
- Designed and implemented Oracle Forms applications, ensuring seamless integration with existing systems.
- Created complex database queries, procedures, and triggers to enhance data retrieval and manipulation.
- Debugged and troubleshot client-side applications using Oracle Developer, resolving issues efficiently to maintain system reliability.

Azentio Company, *DataBase Management and Java Developer Internship*   *July 2023 – Dec 2023*

- Developed Java-based web applications using Spring Framework for efficient backend functionality.
- Applied object-oriented programming (OOP) principles to design scalable and robust systems.
- Implemented multithreading and database connectivity to enhance by 70% application performance.
- Improved query performance using indexes, hints, and SQL optimization techniques reducing query execution time by 80% through performance tuning.

ACTIVITIES

Private Project, *Web Application*

- Developed and maintained a full-stack responsive website for a nutritionist, integrating PHP, HTML, CSS, and JavaScript for client management and meal planning.

American University of Science and Technology, *Programing Drones for Events*

- Programmed drones to execute synchronized flight patterns for events using Python.

Scout National Orthodox, *volunteer*

- Led a team of 15 teenagers for 5 years, organizing events and fostering teamwork, communication, and problem-solving skills.

EDUCATION

American University of Beirut, *Beirut, Lebanon*   *June 2025 - Present*

- Artificial Intelligence & Data Science - Diploma

American University of Science and Technology, *Beirut, Lebanon*   *Feb 2021 – May 2024*

- Bachelor's degree in computer science

Hammana Public High School, *Lebanese Baccalaureate*   *Aug 2019*

SKILLS

- **Front-end**: HTML, CSS, JavaScript
- **Back-end**: Python, Java (OOP), ASP.NET Framework, PL/SQL, Spring Framework
- **Soft skills**: Adaptability, Communication, Time Management, Teamwork

LANGUAGES

- **English:** Written, oral, communication.
- **French:** Limited working proficiency.
- **Arabic:** Written, oral, communication (native language).
