Shadi Daher

+961-03263581 | Saida, Lebanon

shadidaher@441gmail.com

SUMMARY

Dedicated **Communications** and **Electronics Engineering** student with a strong academic record and hands-on **internship** experience in **network installation**, **IoT**, and **AI**. Proficient in programming languages, network protocols, and **cybersecurity** practices. Seeking opportunities to apply technical skills and innovative problem-solving in a dynamic engineering role.

EDUCATION

Lebanese International University (LIU) -Saida, Lebanon   October 2023 –Jan 2026
Bachelor of Science in Communications and Electronics Engineering

- CGPA: 3.76
- **Dean's Honor List**: 2023, 2024, 2025
- Awarded for academic excellence in the academic years 2023 and 2024

Beirut Arab University (BAU) – Debbieh, Lebanon   Sep 2022 – June 2023
Bachelor of Engineering in Communications and Electronics Engineering

Rafic Hariri High School – Sidon, Lebanon   Sep 2019 – June 2022
Lebanese Baccalaureate in Life Sciences

EXPERIENCE

Ogero – Lebanon-Saida
Intern   August 20, 2024 – Sep 27, 2024

- Assisted with the **installation of cables**, both underground and aerial, ensuring adherence to safety standards.
- Worked on **cable characteristics analysis** and **earthing** processes.
- Gained hands-on experience in **DSL networks** and router configuration using developed software.
- Engaged in **Internet of Things (IoT)** and **Artificial Intelligence (AI)** projects, contributing to research and practical applications.

CERTIFICATION

Semicolon Academy
- Participated in the Lebanese **Universities CTF 2025** and qualified for the final challenge.
- Reverse Enigneering using **Ghidra**, **x64 Debugger** and **HxD.**
- **Infrastructre Engineering** using **nessus**, **nmap** and **Metasploit** framework.
- **Mobile and Application Security** pentestsing using **Burpsuite**.
- **Reconosince** methadologis and **cryptography**

SKILLS

- **Programming Languages**: Java, Python, C, SQL, JavaScript
- **Frameworks & Technologies**:
  - Frontend: HTML, CSS
  - Backend: PHP
- **Netwrok protocols**.

CORE COMPETANCIES

- Microsoft Office (Word, Excel, PowerPoint)
- Creative Writing, Communication
- Protius,VisualStudio,LTspice and Netbeans.
