WORK EXPERIENCE

Web Developer, Vianeos, Tripoli, Lebanon

Sep 2023 – Aug 2025

- + Developed and maintained features for the Orbit web platform using AngularJS, ensuring responsiveness and functionality across devices.
- + Contributed to building a custom CMS using a proprietary JavaScript framework based on object-oriented programming principles.
- + Designed and maintained backend APIs using Node.js and MySQL, enabling smooth integration between CMS and front-end systems.
- + Resolved front-end bugs and optimized performance across desktop and mobile environments.
- + Delivered features using AngularJS, Angular, React, and Next.js to meet diverse IPTV product requirements.
- + Collaborated with cross-functional teams to ensure high-quality, on-time delivery in a fast-paced development environment.

Mentee, Codi tech, Tripoli, Lebanon

Nov 2022 – May 2023

Six-month intensive web development boot camp providing hands-on experience with real-life client projects.

- + Collaborated with fellow mentees on all phases of the project's development life cycle.
- + Gathered requirements, designed, developed, tested, and deployed dynamic web applications.
- + Developed creative solutions responding to the project requirements of diverse clients.

Coding & Robotics Trainer, CodeBrave, Lebanon

Oct 2021 – Present

- + Plan, prepare, and deliver remote coding classes for youth in Lebanon aged 11-21, teaching them Python and web development.
- + Develop students' technical skills through engaging project-based lessons.
- + Deliver remote coding classes to students aged 5+, introducing them to basic coding concepts through Scratch and other educational platforms.
- + Foster a fun and interactive learning environment to inspire and motivate students in their coding journey.

BLN Facilitator, Al Fayhaa Association, Tripoli, Lebanon

Mar 2021 – June 2021

- + Teach Math remotely to 55+ out of school children (10-14) years old following BLN curriculum.
- + Monitor and evaluate each student's learning progress throughout daily follow ups and weekly assessments.
