

Yves Haswany

Junior Software Developer

📍 Jeita, Lebanon 00961

📞 +96171523879

✉ yves2k611@gmail.com

I am a fresh graduate in Computer and Communication Engineering. The courses I had in Programming, Object Oriented Design coupled with the experience I made working in Cloud Perry over the past year helped me improve my critical thinking when solving problems. I am keen to learn new things to grow in the field I chose to work in and love and I am a fast learner and like researching to improve my knowledge.

Skills

HTML, CSS, JavaScript, React JS, Node JS, C++, Python, MATLAB, Microsoft Office, data analysis, critical thinking, task prioritization, attention to detail, self-motivation, verbal and written communication, and team collaboration

Work History

2024-04 - Current

Junior Software Developer

CloudPerry, Beirut

- Developing and maintaining Web Applications using React JS for frontend and Node JS for backend, integrating RESTFUL APIs for seamless data flow.
- Designing and optimizing SQL databases, implement best practices for data integrity and performance by 30%.
- Using Git and GitHub for version control, collaborating with remote teams to streamline development cycles.
- Leveraging AI-powered tools to enhance code quality, automate testing, and improve development efficiency by 30%.
- Applying Agile methodologies in project management, participating in sprints and daily stand-ups to deliver features on time.
- Implementing basic cyber security practices to secure web applications, including input validation and secure API authentication.
- Optimizing code readability and maintainability by utilizing best practices in coding standards and documentation.
- Contributing to the successful launch of a new software product by assisting with the design, development, and implementation phases

2024-09 - 2024-11

Radio Access Network (RAN) Engineer Intern

ALFA MOBILE, Beirut

- Tracked 3G and LTE network key performance indicators (KPIs) using NI Browser tool on a daily or hourly basis over a week period.
- Drew graphs of the KPIs using Excel pivot chart tool.
- Determined sleeping network cells (cells not carrying traffic) based on traffic-related KPIs and using pivot table tool in Excel. Cited reasons for lack of traffic.
- Determined if cells in a site are operational (locked or unlocked) and active (enabled or disabled) using Ericsson Network Manager (ENM) Cell Management tool.

2023-06 - 2023-08

- Used a planning tool called TEOCO Enterprise to draw and determine coverage of a site and to add cells and carriers to a site.
- Assisted senior engineers in creating innovative solutions for complex engineering problems.
- Prepared standard reports and documentation to communicate results to senior management.

Networking Intern

TELETRADE Computer System (TCS)s, Jal EL Dib

- Configured and set up a server for use.
- Created a network domain thus setting up Active Directory.
- Created users and groups in the Active Directory.
- Granted users and groups folder and file access.
- Created Virtual Machines and servers and join them to a domain.
- Performed backup and restore operations using VEEAM software.
- Created a child domain and set up Microsoft Exchange Server for both parent and child domain to let users communicate using Emails.
- Supported the implementation of new hardware devices, optimizing network capacity and speed.
- Provided technical support for end-users, addressing their networking needs and improving overall satisfaction.

Education

2019-08 - 2025-06

Bachelor of Engineering: Computer And Communication Engineering

Notre Dame University-Louaize - Zouk Mosbeh

Hobbies

My main hobbies are sports and music. I play football and the piano. Playing football has improved my teamwork skills and made me a better team player which would help in the work environment. Playing the piano has taught me patience especially when learning so long and tough musical compositions and that helps in the work environment when facing problems in projects that could delay the work and not make it abide by the set deadlines.
