SKILLS

- Python
- Java
- AI &ML Tools
- Concepts: NLP, LLMS, ML Fundamentals
- Word and Excel and PP
- Soft Kills: Problem Solving - Research - Communication Skills- Adaptability - Fast Learner - Analytical Thinking

LANGUAGES

- English (Fluent)
- Arabic (Fluent)
- French (Intermediate)

PROFILE

Motivated Computer Science Graduate with a growing passion for Artificial Intelligence, Machine Learning, and Generative AI. Completed many AI engineering courses and an internship, where I contributed to developing an AI-powered scheduling system using OpenAI API. Skilled in Python, Java, and problem solving, with a proven ability to work quickly and adapt to new technologies.

WORK EXPERIENCE

AI Research Intern - **eSchool**
Jan 2023 - Apr 2023

- Contributed to the development of AI-powered school scheduling system using the OpenAI API to automate timetable generation.
- Researched natural language processing and scheduling algorithms to improve system efficiency.
- Collaborated with the development team to test, evaluate, and enhance AI model performance.

Private Tutor
2019 - Present

- Tutored students in Math, Physics, English, and Science for grades 9 to 12.
- Designed customized teaching methods to simplify complex topics and improve academic performance.

EDUCATION

Bachelor of Science in Computer Science   2029 - 2031
Beirut Arab University | Beirut, Lebanon | 2023

COURSES

AI Engineer Course - **Udemy**
Covered ML, Python, LLMS, Deep Learning

Web Development - **Full Stack** - **CIS College**
Covered HTML, CSS, Python

NoSQL System Certificate - **Coursera**
