 | Aley-Lebanon

 | Bachelor's in Business Computer – Lebanese University

 | Expected Graduation: June 2026

Career Objective:

Motivated Business Computer student at the Lebanese University, graduating in June 2026. Known for being responsible, organized, and a strong team player. Seeking internship opportunities where I can apply my technical and business skills. Long-term goal: launch a tech-based startup that merges innovation with beauty and lifestyle.

Education

Lebanese University – Faculty of Technology
Bachelor's in Business Computer | Aley, Lebanon
Expected Graduation: June 2026

FreeCodeCamp – Responsive Web Design Certificate (2025)

Skills

Technical Skills:

- **Programming:** HTML, CSS, JavaScript, PHP, Java, C, C#, .NET (Windows Forms)
- **Tools:** Visual Studio, Notepad++, SQL, Microsoft Word, Excel, PowerPoint
- **Databases:** MySQL, SQL Server

Soft Skills:

- Strong sense of responsibility and time management
 - Excellent communication and teamwork
 - Fast learner, adaptable, and detail-oriented
-

Academic Projects

1. CD Management System (SQL Project)

- Designed and implemented a full database with tables, views, triggers, and stored procedures
- Handled complex queries and transactions in MySQL

2. Instructor Hour Tracker (C# Windows Forms)

- Created a desktop app to record and calculate instructors' teaching hours.
- Used validation, GUI design, and file handling for smooth user experience.
- Features: add/view entries, calculate total hours, and generate end-of-term reports.

3. JSON Processing with PHP

- Read and processed data from JSON files using PHP
- Focused on data manipulation and clean output formatting

4. Drip & Dry Coffee – Business Plan Project

- Created a full business strategy for a startup coffee shop.

- Covered branding, market research, marketing plan, operations, and finance.
- Designed a logo, slogan, and sample promotional content.

5. Personal Portfolio Website

- <https://sites.google.com/view/lorasobh/home>
 - Built using HTML, CSS, and JavaScript to showcase skills, projects, and certificates
 - Fully responsive with modern design and contact form
-
