SUMMARY

Full-stack developer with many hands-on projects and work experience building interactive, real-time applications. Eager to contribute to a fast-paced tech team and build impactful software solutions.

SKILLS

- **Frontend:** React.js, Next.js, Angular, HTML5, CSS3, Tailwind CSS, Styled Components, Figma
- **Backend:** Node.js, Express.js, Spring Boot, Spring, Hibernate
- **Databases:** MySQL, MongoDB, Sequelize, SQLite
- **Languages:** JavaScript, TypeScript, Java, C++, Python, SQL
- **Tools:** Git/GitHub, Docker, Supabase

WORK EXPERIENCE

Front-End Developer Intern, Hiperlinx

Jan 2025 - March 2025

- Developed and enhanced React.js components for a production web app, improving user engagement and navigation and following best practices for clean, maintainable code.
- Integrated APIs and implemented features with different libraries, enhancing interactivity and navigation.
- Designed and implemented custom UI components.
- Optimized application performance and collaborated using Git for version control.

Computer Lab Assistant, University of Balamand

Jan 2023 - May 2025

- Assisted students with software tools and core CS concepts
- Tutored various programming courses, helping students tackle complex coding challenges and projects.
- Provided IT support for lab hardware, and software tools

PROJECTS

Eventure – Virtual Events Hosting Platform

React.js, Node.js, Express, MySQL, Sequelize, Supabase, Docker, TypeScript, Phaser.js, Socket.io

- Developed a gamified virtual events platform with 2D interactive spaces, real-time video calls, and live chat for seamless networking.
- Designed and built microservices backend with RESTful APIs, inter-service communication, and secure data synchronization.
- Built modular React frontend with efficient state management and containerized deployment using Docker..

SpringBank – A Banking System

Java, JavaFX, Spring Boot, MySQL, Hibernate, JPA

- Built a full banking system with account creation, deposits, withdrawals, and transaction tracking.
- Designed a JavaFX GUI for a responsive, interactive interface.
- Implemented RESTful backend with Spring Boot and clean MVC architecture.
- Integrated MySQL with Hibernate and JPA for persistence and transaction management.

EDUCATION

Bachelor of Science in Computer Science, University of Balamand

Aug 2022 - May 2025

ACHIEVEMENTS & ACTIVITIES

- Achieved first place in the annual UOB Hackathon 2024
- Speaker & Member, University Developers' Club (Nov 2022 – May 2025)
- Consistently placed on the Dean's Honor List
