

Reem Jibawi, Qualified Biology Teacher

Beirut – Lebanon | reemjibawi9@gmail.com | +961-81-871-739 | www.linkedin.com/in/reem-jibawi-855543201 | <https://reem-jibawi.my.canva.site/brand-designer-portfolio-website-in-beige-black-bronze-warm-classic-style>

Biology graduate with diverse experience across education and pharmacy sales. I have worked as a science teacher and pharmacy assistant, developing strong communication, customer service, and problem-solving skills. Known as a supportive and dependable colleague, I value teamwork and collaboration in achieving shared goals. I am highly motivated to grow as a leader, take on new challenges, and continue expanding my skills in both scientific and professional settings

Technical skills

Laboratory Preparation | Equipment and Resource Management | Classroom Management | Adaptability and Flexibility | Supervision and Teamwork | Continuous Learning and Improvement | Communication and Organizational Skills | Technical Proficiency .

Education

Lebanese University

October 2019 – August 2023

Master's degree in Animal Biology

- Received multiple recommendation letters from faculty and maintained full class attendance. Achieved “Very Good” appreciation in 7 laboratory courses, including Toxicology Lab, Applied Immunology, and Stem Cells and Differentiation Lab.
- Designed a master's project on Alzheimer's and prion diseases, analyzing 41 PubMed articles and achieving top marks (80/100); recognized for its innovative design and research quality.
- Prepared chemical solutions and live organisms, performed core and advanced techniques including PCR, electrophoresis, cell culture, microscopy, and microbial culture, ensured lab safety, supported students and lab assistants, followed lab manuals, and prepared over five laboratory reports.

Experience

College de L'Esperance

October 2023 – September 2025

Science, Biology Teacher

Provides French and English programs for over 600 students since 2009, achieving excellent Lebanese Baccalaureate results for its graduates.

- Prepared lessons for Grades 2 to 7 for 25 hours per week, supervised Grade 6 students during their first cell observation under the microscope, and monitored safe handling of laboratory equipment by the students.
- Supported 26 Grade 4 students with low language and reading skills, monitored progress, guided learning activities, and achieved a 30% increase in exam scores and competency.
- Organizes and conducts hygiene awareness activities for more than 70 students, covering classroom, bathroom, and personal hygiene.

Pharmacy Wajde

September 2021 – March 2023

Pharmacy Assistant

Founded in 2006, Pharmacy Wajde has partnered with the American University of Beirut since 2020 to provide medications to its faculty and staff.

- During the final 2 years of education, 8-hour shifts in the medical services field in Lebanon provided valuable first-job experience and fostered the development of time management skills, accountability, and a strong sense of responsibility.
- Applied knowledge of human physiology, drug metabolism and toxicology, and the significance of completing antibiotic courses to enhance medication management, educate patients, and ensure safe pharmaceutical practices.
- Worked with pharmacists, doctors, nurses, and lab technicians to maintain workflow during the COVID-19 pandemic, showing resilience and flexibility.

Skills and Interests

Skills: Microsoft word, PowerPoint and Excel, Canva, Eschool agenda, Microsoft Teams and Zoom.

Languages: Arabic native, English C2, French A1.

Laboratory: DNA/RNA extraction and purification, PCR (Polymerase Chain Reaction) and gel electrophoresis, Gram staining and other staining methods. Microbial culture and isolation.

Interests: Interested in personal development through reading works by Dale Carnegie, Stephen Covey, Mark Manson, and Seth Godin, practicing mindfulness, and studying leadership concepts, including the distinction between leadership and management.
