

NADINE MALAEB

Architect – UX Designer

nadine-malaeb@hotmail.com | +96176545217 | Beirut, Lebanon | www.linkedin.com/in/Nadine-Malaeb-UXI/

OBJECTIVE A UI/UX designer with a background in architecture and around 4 years of experience designing physical spaces. Bringing systematic thinking, spatial awareness, and empathy from architectural practice to create seamless and visually appealing digital experiences.

SKILLS **Design Skills:** User-Centered Design, Digital Interfaces for LTR & RTL Audiences, Usability Testings, Accessibility, Interaction Design, Wireframing, Prototyping, Information Architecture, Responsive Design.

Tools: Figma, Miro, Adobe Creative Suite, Basic Front-End Knowledge, Revit, AutoCAD

Soft Skills: Communication, Collaboration, Empathy, Critical Thinking, Problem-Solving, Adaptability, and Time Management.

EXPERIENCE **UI/UX Designer – Project based** *Sep 2024 – Present*

- Collaborated with CDLL on 3 digital projects to design UI/UX solutions for platforms and social campaigns, improving engagement by 15%.
- Worked closely with marketing team to translate their needs into effective design solutions.

Freelance Architect *Sep 2021 – June 2024*

- Designed architectural projects including 4 villas and 3 interiors, achieving 100% client satisfaction.
- Prepared shop drawings for 3 projects in K.S.A, coordinating remotely.
- Submitted permit files for building violation settlements, ensuring regulatory compliance.

Junior Architect – The Block *Oct 2019 – May 2021*

- Supported over 7 residential and commercial projects, producing architectural drawings and execution files.
- Coordinated with senior architects and engineers, improving project delivery timelines.
- Conducted site visits and documentation.

EDUCATION **American University of Beirut** *Aug 2024 – Aug 2025*
Diploma in UI/UX

Lebanese University *Sep 2016 – March 2018*
Master of Architecture
