RAED MASRI

Computer and Communications Engineer

📞 +96171085627   @ raedmasri75@gmail.com   🔗 linkedin.com/in/raed-masri-3a581a234   📍 Tripoli, Lebanon

SUMMARY

- Recent graduate with a Master's in Computer and Communications Engineering from Lebanese International University. Passionate about leveraging technology to solve complex problems, with hands-on experience in full-stack web development, AI & data analytics, and machine learning. Proven ability to work independently, manage projects, and deliver results with a strong focus on innovation and efficiency. Eager to contribute to dynamic teams in the tech industry.

EXPERIENCE

02/2024 - 05/2024

Back End Web Developer Internship
Eurisko

- Managed databases with MongoDB and built RESTful APIs using Node.js, Express.js, and NestJS.
- Implemented secure user authentication and authorization for application access.

07/2024 - 08/2024

AI & Data Analytics Internship
Eurisko

- Collected, cleaned, and preprocessed data to ensure dataset quality.
- Explored and interpreted data to uncover insights and trends.
- Built and optimized machine learning models, including neural networks, for predictive analysis.

09/2024 - 11/2024

Python Training Course
SE Factory

- Foundations of Computer Science using Python (Data structures and algorithms).

01/2025 - 03/2025

Front End Web Developer Training Course
NavyBits

- Hands-on experience building multiple projects using HTML, CSS, JavaScript, and ReactJS.

PROJECTS

Heart Disease Detection

Predicts the possibility of a disease to happen

- The system is built using a combination of conventional approaches based on Principal Component Analysis (PCA) and three algorithms: Decision Tree (ID3), Naïve Bayes and KNN.

Diet System Application

Nutritional Diet Application

- An Android mobile application that gives the user a daily diet plans according to their body.

E-Commerce website

Website for a commercial store

- Built using ReactJS and database management.

EDUCATION

10/2020 - 06/2022

Masters in Computer & Communications engineering
Lebanese International University (LIU)

GPA **2.9** / **4.0**

10/2017 - 06/2020

Bachelor in Communications engineering
Lebanese International University (LIU)

GPA **3.48** / **4.0**

10/2005 - 06/2017

Lebanese Baccalaureate in Life Sciences
Rawdat El Fayhaa School

SKILLS

ReactJS CSS HTML Java JavaScript Machine Learning Microsoft Office MongoDB MySQL NestJS

NodeJS ExpressJS Python Typescript
