Profile

A junior Architect at Union Capital CI, holding a Bachelor degree in Architecture from Beirut Arab University and RIBA PART 1 accreditation. Interested in sustainable architecture, and skilled in a high diversity of architectural softwares. Quality architectural visualisation and arch drawings in a timely manner is the corner stone of my work.

Education

Bachelor of Applied Science - BAsC.

Jan 2019 - Jan 2023

Architecture

Beirut Arab University

RIBA Accredited

Royal Institute of British Architecture

issue june 2023 Credential ID 01203

Employment

Architect

Jul 2023 - Jul 2025

Union Capial CI, Abidjan, Côte d'Ivoire

- I have worked on various projects, from commercial residential and office buildings to resorts and also hospitals.
- Many of these projects I have worked from start to finish developing concepts, 3d renders and modeling, architectural drawings and finally execution drawings.
- Led design and development of architectural projects from initial concept through final construction, ensuring compliance with client requirements and building codes.
- Prepared comprehensive architectural drawings and execution documents to guide contractors and facilitate timely project completion.

Architectural Intern

Jun 2022 - Sep 2022

Shehab Engineering & Consulting - SECO, Beirut, Lebanon

- Assisted in the preparation of architectural design and execution drawings for residential and commercial buildings.
- Collaborated with senior architects to develop concept designs and detailed 3D models using Sketchup and CAD software.
- Contributed to the creation of presentation materials including renderings and layouts for client meetings.
