

# SARA AMIRI

## Software Developer Intern

Beirut, Lebanon | (+961) 81-257035 | [Email](#) | [LinkedIn](#) | [GitHub](#)

### SUMMARY

---

Senior Computer Science student with hands-on experience in building web and software applications using Python, Java, JavaScript, and .NET MVC Core. Skilled in applying object-oriented programming, data structures, and the software development lifecycle to deliver functional solutions. Fast learner with strong problem-solving skills and a passion for growing in a collaborative development environment.

### EXPERIENCE

---

#### **YouTube Clone - Front-End Web Application** [View Project](#)

*HTML, CSS*

- Built a responsive user interface replicating key YouTube layout components
- Applied modern CSS styling techniques to structure video cards, navigation bar, and sidebar
- Improved page consistency and design through reusable styling patterns

#### **Supermarket Management System - Desktop Application** [View Project](#)

*Python, Data Structures & Algorithms*

- Developed a system to handle product inventory using efficient data structures
- Implemented core operations including add/search/update/delete items
- Enhanced system performance by applying DSA principles in real scenarios

### SKILLS

---

- **Programming Languages:** Python, Java, JavaScript
- **Web Technologies:** HTML, CSS
- **Frameworks & Platforms:** .NET MVC Core
- **Database Systems:** SQL
- **Tools & Version Control:** Git, GitHub
- **Software Development Concepts:** Object-Oriented Programming (OOP), Software Development Lifecycle (SDLC), Debugging & Basic Unit Testing

### EDUCATION

---

**B.Sc. in Computer Science** - *Global University*

Expected Graduation: January 2026

### LANGUAGES

---

**English** (Advanced) | **Arabic** (Native)
