# Imtithal Halalo, Full Stack Developer

Beirut – Lebanon – +96176016451 – halaloimtithal@gmail.com

---

**LINKES**  LinkedIn  Portfolio

---

**PROFILE**

A dynamic Full Stack Developer with a keen interest in Project Management. Experienced in developing and planning web development projects from the initiation through completion, with a focus on problem-solving and collaborative teamwork. Aiming to bridge the gap between the project goals and development team.

---

**WORK EXPERIENCE**

| Jun 2024 — Present | Mid-Level Front-End Developer, **SoftMachine** | Remote–Lebanon |

- Develop and maintain ERP user interfaces using React.js.
- Build reusable components and optimise performance.
- Integrate front-end with back-end systems (RESTful APIs).
- Write clean, scalable code following best practices.
- Participate in code reviews, debugging, and troubleshooting.

| Sep 2023 — Present | Project Designer and Software Developer, **Freight Crossings** | Remote– Canada |

- Developed and managed detailed project plans.
- Contributed to system architecture design for improved performance.
- Resolved issues related to performance, user interactions, and integrations.

| Dec 2022 — Sep 2023 | Software Developer, **Freight Crossings** | Remote– Canada |

- Developed and maintained a production logistics application using the t3 stack (**NextJS, Prisma, tRPC, Typescript, NextAuth, MaterialUI**).
- Implemented new features and functionalities, optimised application performance, and conducted thorough code reviews to uphold code quality standards.
- Troubleshooting and debugging issues, ensuring smooth application operation.

---
