## EXPERIENCE

---

### Netvariant, Sin El Fil - Lebanon

Full-time Backend Developer

July 2025 - Present

- Developed a fitness management system generating personalized diet and training plans using client questionnaires and integrated performance and body composition data.
- Built a billing system to track meter readings, calculate charges, generate invoices, and produce reports.
- Integrated Virgin KSA services into an aggregator platform, implemented Evina anti-fraud protection into multiple API flows and coordinated with service providers to ensure correct script implementation and functionality across their landing pages.

Part-time Backend Developer

Oct 2024 – June 2025

- Transformed Moqui HR module services into RESTful APIs, collaborating with the frontend team.
- Integrated third-party services, including a payment gateway, into existing backend system.
- Contributed to the development of a CMS building interface screens, backend logic and RESTful APIs.

Backend Developer Internship

April 2024 – Aug 2024

- Designed the database schema, developed and tested RESTful APIs for a platform using Moqui framework.
- Contributed to the development of the administrative system for the platform.
- Developed services and scripts to import large datasets to a new Moqui-based platform.

### Integrated Digital Systems (IDS), Bir Hasan - Lebanon

Full-stack Developer Remote Internship

July 2024 – Aug 2024

- Developed a CMS and administrative panel using React.js for the frontend and ASP.NET Core for the backend.
- Designed and implemented RESTful APIs with Entity Framework following clean architecture principles, and secured endpoints using RBAC and JWT authentication.

### Profiles Software, Jdeideh - Lebanon

Software Developer Internship

March 2024

- Developed database-driven features and enhanced SQL browser functionality in Delphi for an internal DBMS.
- Built a table altering form to create, modify, and delete data-fields with properties.
- Implemented dataset export to CSV/new tables and enabled sensitive result set viewing/editing.

## EDUCATION

---
