Profile
 I am a 5th-year Computer and Communication Engineering student at Saint Joseph University. Passionate about technology and its real-world applications, I have developed strong skills in programming, networking, and systems analysis. Through hands-on projects, I have honed my abilities in collaboration, problem-solving, and innovation. I aim to apply my technical expertise and creativity to contribute to impactful projects and dynamic teams in the tech industry.

Education
- Saint Joseph University - Mar-Roukoz, Lebanon Diploma in Computer and Communications Engineering (Diplome d'Ingenieur) 2021 - 2026
