

Jad Rammal

iOS Developer

Address: Beirut, Lebanon | Phone: +961 71 291145
Email: jrammal12@gmail.com | Nationality: Lebanese

Summary

Motivated Junior iOS Developer with a strong foundation in Swift, UIKit, and SwiftUI, seeking to leverage my skills and passion for building user-centric mobile applications. With hands-on experience in designing and developing apps from concept to deployment, I aim to contribute to a dynamic team by delivering innovative and high-quality iOS solutions while continuing to grow and expand my expertise in app development.

Experience

Junior iOS Developer – 01/2025 to Present

Monty Mobile, Beirut, Lebanon

- Develop and maintain My Monty, an e-wallet application that functions as a banking system for secure digital transactions.
- Implement and optimize features using Swift and UI Kit, ensuring a seamless user experience.
- Collaborate with cross-functional teams using GitLab Workflow to enhance development efficiency.
- Work with APIs, Firebase, and local storage to enhance app functionality and data security.
- Write clean, efficient, and maintainable code while adhering to best practices.
- Continuously improve skills and stay updated with the latest iOS development trends.

iOS Developer Internship – 09/2024 to 12/2024

SwiftArabia, Beirut, Lebanon

- Worked on real-world iOS projects under the guidance of experienced developers.
- Gained hands-on experience with Swift, UI Kit, and SwiftUI in a professional environment.
- Assisted in the development and maintenance of iOS applications, focusing on code quality and performance.
- Improved teamwork and communication skills by actively participating in GitHub Workflow.
- Worked with APIs, Firebase, local storage, and core UI development principles.

Education

Bachelor's degree in computer science – 2024 (GPA 3.4)

Lebanese International University, Beirut, Lebanon

Baccalaureate Certificate of Secondary Education - 2018 (Life Science – Official Degree – Very Good Degree 17.07)

Toulouse College, Beirut, Lebanon

iOS Applications Projects

My Monty

A digital banking app that allows users to manage their money, send transfers, track spending, and access financial services securely and easily
