Hasbaya, Lebanon | +961 71 486 758 | serenasabek07@gmail.com | [LinkedIn](#)

Interior design graduate with strong proficiency in 3ds Max, V-Ray, AutoCAD, Photoshop, and Illustrator. Experienced in 3D rendering, space planning, and visual presentation. Successfully completed multiple design projects showcasing creative and technical skills.

Education

Bachelor's Degree in Interior Design **2022-2025**

Lebanese International University LIU – Faculty of arts and sciences | Beqaa, Lebanon

Experience

Interior Designer – Raghid Abu Dehn Engineering Office **June 2024 – July 2024**

Hasbaya, Lebanon

- Collaborated with engineers to integrate mechanical and electrical plans into interior design layouts, ensuring functionality and compliance with building codes.
- Created detailed CAD drawings for HVAC systems, lighting, and power distribution in coordination with overall design concepts.
- Assisted in selecting positioning electrical fixtures and mechanical systems for optimal space utilization and energy efficiency.
- Reviewed and coordinated plans with contractors and stakeholders, ensuring seamless execution of mechanical and electrical systems within interior spaces.

Projects

Kazdura – Cultural Tourism Landmark Project **June 2024**

- Designed a cultural tourism destination to celebrate Lebanese identity, using 3ds Max, V-Ray, and AutoCAD for 3D modeling, rendering, and technical drawings.
- Developed visual presentations and concept boards with Photoshop and Illustrator, blending traditional and modern design elements.
- Conducted extensive research on Lebanese heritage to inform design, enhancing cultural storytelling and visitor experience.

Social media Company **June 2024**

- Designed 3D models, technical layouts, and visual content using 3ds Max, V-Ray, AutoCAD, and SketchUp to support brand identity and platform interaction.
- Created marketing and social media visuals with Photoshop and Illustrator, enhancing communication strategies and user engagement.

Certifications

- 3Ds Max and V-ray – Autodesk **July 2025**
- Entrepreneurship Foundations – LinkedIn Learning **December 2024**
- Green ICAMP - SPROUT Green Entrepreneurship program- INJAZ lebanon in partnership with Friedrich Foundation for Freedom - Lebanon and Syria **August 2024**

Community Activities

- Design for Communities – D4C
- INJAZ Alumni

Skills

- **Design:** Conceptual design, floor plan and 3D rendering, strategic planning, color theory, graphic design.
- **Software:** Canva, AutoCAD, 3Dsmax, photoshop, illustrator
- **Technical:** Microsoft Office and Google Drive
- **Languages:** Fluent in English and Arabic | Basic in Spanish
