Profile

Motivated architecture graduate from the Lebanese University with hands-on experience in real-world architectural projects. I recently completed a three-month internship during which I contributed to small-scale design projects that were successfully executed. My academic and practical background has equipped me with strong design sensibilities, technical software proficiency, and a solid understanding of project development from concept to implementation. I am passionate about thoughtful, context-driven architecture that balances aesthetics and functionality.

Experience

- Architecture Intern

ArchVilla Office – Beirut, Lebanon

June 2023 – September 2023

- Contributed to the interior design of a residential apartment and supported the team in technical drawing production.
- Assisted with site coordination and participated in material selection and presentation preparation.
- Gained real-world exposure to client requirements and project implementation.

- Freelance Architectural Projects

Beirut, Lebanon – 2023–2024

- Independently designed and executed several small-scale architectural and interior projects.
- Delivered concept-to-execution designs for private clients, including site supervision.
- Successfully saw multiple projects through to completion.

Skills

- Technical Skills

- Architectural Software: AutoCAD, Revit, SketchUp
- Visualization & Rendering: Enscape, D5 Render
- Graphic & Presentation Tools: Adobe Creative Suite (Photoshop, Illustrator, InDesign, After Effects)

- Soft Skills

- Problem Solving
- Team Collaboration
- Time Management

Education

- Bachelor's Degree in Architecture

Lebanese University – Faculty of Fine Arts and Architecture
Expected Graduation: 2025
