---

## Objective

I am a motivated Computer Science fresh graduate seeking a job opportunity to leverage academic learning and develop practical skills. Aiming to contribute through dedicated work and a strong desire to learn and grow within a dynamic team environment. In addition to getting experience to improve my skills.

---

## Technical SKILLS

- Programming: Java, kotlin, dart
  - Frameworks/Tools: Spring Boot, Android Studio, Flutter
  - Databases: MySQL, SQLite
- 

## Soft SKILLS

- Self-Learning
  - Communication
  - Teamwork
  - Time Management
  - Public Speaking
  - Customer Service
- 

## Experience

1. Lead By Tech | Mobile Developer Internship | July 2025 - present
  2. Mentis Plus | Web Development Boot Camp | August 2024 – October 2024
- 

## EDUCATION

1. Bachelor's in Computer Science | Al-Maaref University | Graduate | 2021 – 2025
- 

## Languages

- **Arabic:** Native
  - **English:** Intermediate
- 

## My Projects

- 1- Capstone Project: OneHand
  - Tech: React, Spring Boot, MySQL
  - Developed a full-stack campaign management system using Spring Boot and React.
  - Implemented key features: user authentication, campaign creation, rating system, wishlist, and profile management.
  - Designed and integrated RESTful APIs with secure access using JWT authentication.
  - Used MySQL for relational data management and optimized entity relationships.
  - Applied Git and GitHub for version control and collaborative development.
- 2- Android Mobile App – Rental Listing Platform
  - Tech: Java, SQLite, Android Studio
  - Developed an Airbnb-like app for listing and browsing rentals.
  - Implemented user SQLite-based data storage, and MVVM architecture.
  - Used Recycler View for enhanced UI performance.
