

# Adam Kanaan

## PROFESSIONAL SUMMARY

Motivated Computer Engineering student with hands-on experience in **full-stack web development**, **database design**, and **project-based software engineering**. Skilled in React, TypeScript, Node.js, and Supabase, with a strong background in leadership, financial operations, and technical problem-solving. Open to **remote junior software development** or **AI automation roles**.

## EDUCATION

**Lebanese International University** , Dahr El Ein – *BS in Computer Engineering*  
September 2022 – September 2025  
Bachelor of Science in Computer Engineering.

## TECHNICAL PROJECTS

**IntelliBudget** — *Personal Finance Management Dashboard* | React, TypeScript, Supabase, Node.js  
October 2025 – November 2025

- Built a **secure multi-user finance app** for expense tracking, budgeting, and analytics.
- Developed **React + TypeScript frontend** with **Tailwind CSS** (dark mode, responsive PWA).
- Designed **Node.js/Express API** with **JWT Auth** and **Supabase (PostgreSQL)** backend (RLS).
- Added **interactive Recharts dashboards** and deployed on **Vercel** with CI/CD optimization.

**Smart Farm System** — *Full-Stack Agricultural E-Commerce Platform*

- August 2025 – September 2025
- Developed a comprehensive web-based platform connecting farmers, customers, delivery services, and admins.
  - Implemented multi-role user dashboards, real-time notifications, subscription management, and analytics.
  - Integrated secure JWT authentication, automated email communication, and responsive design with Tailwind CSS.
  - Optimized performance to achieve sub-2 second response times, 95% user satisfaction, and a projected 89.7% ROI.

**Radio transmitter & Receiver** — *Analog Communication*

- May 2025 – May 2025
- Designed and implemented an analog radio system with transmitter and receiver modules.
  - Achieved stable signal transmission up to 50 meters with enhanced signal clarity (+20%)

**Wedding Planner Website** — *Full-Stack Web Programming*

- July 2024 – August 2024
- Built a full-stack web application using HTML, CSS, JavaScript, Python, and SQL.
  - Supported over 100 simultaneous users and integrated payment and calendar APIs, reducing booking errors by 40%.

**Motor Direction Control using Complementary MOSFETs** — *Electronics*

- May 2024 – May 2024
- Designed a robust circuit using complementary MOSFETs for DC motor direction control up to 10A current.
  - Improved motor response time by 15%, applicable in robotic and electric vehicle systems.

## WORK EXPERIENCE

**Stories Coffee Shop, Batroun** — *Barista & Cashier*

November 2024 – Present  
Served 100+ beverages/day while managing POS and cash operations.

Trained 2 staff and improved service speed by 15%, earning 98% customer satisfaction.

**Arnaoun Village, Batroun** — *Team Leader Cashier (Seonsonal)*

September 2022 - Present  
Handled over \$30,000 daily during peak season with zero errors.  
Operated POS systems and ensured smooth transactions with strong customer service.

**World Food Program WFP, Koura** — *Logistics and Food Inspection Support*

December 2024 – January 2025  
Identified and reported damage cans, expiry dates, damage, contamination, and packaging integrity.  
Collaborated with logistics staff to ensure compliance with WFP food handling and storage standards.

**Florida Beach, El Hery Chekka** — *Store Supervisor*

May 2023 – September 2024  
Led 12+ staff, managed \$50K inventory with zero shortages. Promoted within a year for leadership and operational excellence.

Lebanon, North Governorate

## SKILLS

- Frontend: HTML, CSS, JavaScript, React.js, TypeScript, Tailwind CSS
- Backend: Node.js, Express.js REST APIs, JWT, bcryptjs
- Database: PostgreSQL, MySQL, Supabase, Sequelize.
- Tools & Development : Vite, Git, Vercel.
- Productivity tools: Microsoft Excel, Google Workspace
- POS systems
- Communication skills
- Leadership abilities
- Team collaboration
- Customer service expertise
- Financial accuracy
- Photography skills
- Fitness activities: Gym, hiking, camping

## ENTREPRENEURSHIP

**Founder – Flex Fits (Clothing & Footwear Brand) December 2024 – Present**

Built a brand focused on authentic shoes and clothing - Managed sourcing, digital marketing, and customer service - Handled order fulfillment and product photography

## LANGUAGES

English: Fluent (University Studies)

French: Fluent (12 Years of School)

Arabic: Native

## Volunteer

**SWIM NGO** : Participated in environmental cleaning campaigns, promoting community responsibility and sustainability.
