CERTIFICATIONS

IBM Full Stack Software Developer Professional Certificate (In Progress)

Coursera – Expected January 2026

- Develop with front-end languages and tools: HTML, CSS, JavaScript, React, Bootstrap.
- Program applications using back-end languages and frameworks: Express, Node.js, Python, Django, etc.
- Deploy scale and message applications using cloud-native methodologies and tools: containers, Kubernetes, microservices, serverless functions.
- Build a GitHub portfolio of hands-on labs and projects (including capstone), demonstrating full-stack and cloud development skills.

EXPERIENCE

Jubaili Agrotec | Saida, Lebanon

Full Stack Developer

AUG 2025 – PRESENT

- Participated in the design and development of enterprise applications using **Blazor**, **.NET Core**, and **SQL Server**.
- Built and maintained **front-end interfaces** with Blazor and Razor components.
- Implemented **back-end logic and database operations** using Entity Framework Core.
- Assisted in **debugging, code reviews, and feature enhancements** to improve system performance.
- Collaborated with the IT Applications team to deliver secure and scalable full-stack solutions.

IT Infrastructure Intern

JUN 2025 – JUL 2025

- Assisted in maintaining and troubleshooting servers, networks, and end-user systems.
- Gained hands-on experience with Active Directory, Windows Server, and user account management.
- Supported the IT team in monitoring system performance, backups, and security updates.
- Participated in network configuration, hardware installation, and routine maintenance.
- Documented IT procedures and provided first-level support to staff.
- Learned about IT infrastructure monitoring tools, ticketing systems, and best practices.

Integrated Digital Systems | BEIRUT, LEBANON

Full Stack Web Development Intern

DEC 2024 – FEB 2025

- Developed web applications using HTML, CSS, JavaScript, React.js, Vue.js, Node.js, C# (ASP.NET Core), PHP, and SQL.
- Managed databases (SQL Server, MySQL, PostgreSQL) and used Git/GitHub for version control.
- Applied responsive design, MVC architecture, and integrated RESTful APIs.
- Conducted unit testing, debugging, and participated in code reviews.
- Implemented SEO principles and performance optimization.

THE LEBANESE ORGANISATION FOR STUDIES AND TRAINING | BAALBECK, LEBANON
