Raphael Boutros Saab

Full Stack Developer

I am a web developer with robust problem-solving skills and proven experience in creating and designing web applications in a test-driven environment.

Experience

INTERN – CODERAAS February 2024 – March 2024
- Developed and optimized responsive user interfaces using **React.js**, improving website load times and enhancing cross-device compatibility.
- Collaborated with designers and back-end developers to integrate **RESTful APIs**, ensuring seamless data flow and dynamic content rendering.

FREELANCE WEB DEVELOPER July 2023 – Present
- Designed and developed a full-stack **eCommerce website** using **React** and **Django**, integrating a PostgreSQL database for efficient product management and user transactions.
- Built a **personal portfolio website** using **React**, showcasing projects and technical skills with a responsive, user-friendly design.

INTERN – VALOORES July 2022 – September 2022
- Developed a responsive **front-end website** using **Angular**, ensuring dynamic UI/UX and seamless functionality.
- Implemented the **back-end** services with **Spring Boot**, handling data processing and API integration for enhanced performance.
