## ■ EDUCATION & CERTIFICATIONS

### Bachelor's Degree in Management Information Systems

Lebanese University – Faculty of Economics and Business Administration

■ Oct 2022 – Oct 2025

### Lebanese Baccalaureate – Economic Science Specialty

■ 2021 – 2022

### Certificate in Full Stack Web Development

Online Training Program – 2024

- Covered HTML, CSS, JavaScript, PHP, Laravel, MySQL, and API integration.
- Built full-stack web projects integrating both frontend and backend technologies.

## ■ PROJECTS

### Lebanon Hotel Guide – Web Application

Developed a user-friendly online platform for booking hotel rooms across Lebanon.

- Designed the frontend using HTML, CSS, and JavaScript.
- Built the backend with PHP and MySQL.
- Enabled hotel search, booking, and payment processes.

### Pharmacy & Cosmetics Management System – Laravel Project

Developed a management platform for a pharmacy and cosmetics shop using Laravel.

- Implemented modules for product inventory, orders, and customer management.
- Integrated authentication and role-based access control.
- Designed an admin dashboard using Blade templates.
- Connected to a MySQL database with Eloquent ORM.
- Focused on improving stock tracking and business efficiency.
