Curriculum Vitae

Skills Summary

I'm a Computer Science student with a strong interest in software development and practical problem-solving. During my internship, I gained hands-on experience with real systems and contributed to internal tools using C++. I'm also comfortable with Python, C#, and web technologies. I enjoy learning new tools, understanding how things work, and working with others to find clear/effective solutions. I adapt quickly and stay focused in technical environments.

Work Experience

Coral Oil – Dora, Lebanon (February 2025, March 2025)

Internship in the IT Department

I helped set up and configure workstations and IT equipment while supporting employees with everyday hardware and software issues. I also worked with the AI camera systems used on the company's trucks and assisted with maintaining network devices to keep everything running smoothly. In addition, I contributed to the Coral system by writing and updating code in C#. This experience gave me practical exposure to IT operations and software development and helped me build confidence in problem-solving and teamwork.

Education

Baccalaureate in General Sciences (2021)

Collège Notre-Dame de Louaizé, Zouk Mosbeh

Awards: Excellent Grades.

Bachelor of Science in Computer Science (2022 – Present)

Notre Dame University – Louaize, Zouk Mosbeh

Awards: Senior on Dean's List recognition.

Additional Training & Certification

The Web Developer Bootcamp 2025 – Udemy (March 2025)

Taught by Colt Steele
