## Professional Summary

Junior Computer Science student at **AUB** with strong programming skills in **Java, C, and C++**. Experienced in **data structures, algorithms, and object-oriented programming**. Highly motivated with **14 years of leadership experience in Scouts**, demonstrating teamwork, responsibility, and problem-solving under pressure. Seeking a **summer internship in software development, backend, or IT**, to apply technical skills and gain practical industry experience in Lebanon.

## Skills

### Programming Languages

- Java (Object-Oriented Programming, Data Structures)
- C (Pointers, Memory Management)
- C++ (STL, OOP, Basic Algorithms)

### Computer Science Fundamentals

- Data Structures (Arrays, Linked Lists, Stacks, Queues)
- Algorithms (Recursion, Searching, Sorting)
- Time & Space Complexity (Big-O)

### Leadership & Teamwork

- Team leadership through 14 years in Scouts
- Collaboration in group projects
- Mentoring younger members

### Professional Skills

- Problem-solving
- Time management
- Responsibility & reliability
- Adaptability & willingness to learn
- Communication skills

### Languages

- Arabic: Native
- English: Fluent
- French: Fluent

## Education

**Computer Science - Bachelor of Science - 2027**

*American University of Beirut - Bayrut, Beirut Governorate*

## Affiliations

- **American University of Beirut (AUB)**  
Bachelor of Science in Computer Science — Junior
- **Scouts du Liban**  
Active Member (14 years)
  - Leadership, teamwork, and community service
  - Organization of activities and mentoring younger scouts

## Accomplishments

- Designed and developed **websites for clients**, delivering functional solutions and **selling completed projects**.
- Completed academic projects using **Java, C, and C++**, applying object-oriented programming and data structures.
- Demonstrated leadership, teamwork, and reliability through **14 years in Scouts du Liban**.
