SUMMARY

Full stack developer skilled in Spring Boot, Angular, React, and Flutter, with experience building RESTful APIs, JWT authentication, and responsive front-end interfaces. Strong foundation in Java, Python, and C++, with proven ability to design and implement scalable, user-friendly applications.

TECHNICAL SKILLS

Programming Languages: Java, Dart, C#, Python, C++, HTML, CSS, JavaScript.

Databases : MySQL, Microsoft SQL Server.

Development Frameworks : Angular, Flutter, Spring Boot, ASP .NET Core.

Libraries & Tools: React, Git.

EXPERIENCE

Front-End Mobile App Development Internship November 2025 – present
Swipe Up Technology *Beirut, Lebanon*
- Gained hands-on experience with building mobile applications using Flutter.
- Assisted in migrating an Android app from Kotlin (Android Studio) to Flutter, ensuring feature parity and improved performance.
- Collaborated on UI and cross-platform optimization.

Full Stack Web Development Internship Aug 2025 – Sept 2025
Bluering *Beirut, Lebanon*
- Gained hands-on experience with Spring Boot, focusing on building RESTful APIs and implementing error validation and JWT authentication.
- Explored Angular fundamentals. applying concepts to build dynamic front-end components.
- Worked with Bootstrap to design responsive and user-friendly interfaces.

PROJECTS

Internet Service Provider Management System Mar 2025 – May 2025
Web Development Project *Spring Boot, React, MySQL*
- Developed a full-featured web system to manage users, subscriptions, and payments for an internet service provider.
- Implemented CRUD operations for users, subscriptions, and payments.
- Built RESTful APIs to handle all backend operations efficiently and securely.
- Automated monthly payment generation and initial payment creation upon subscription activation.

EDUCATION

Lebanese University Hadath, Lebanon
M.S. in Computer Science *Nov 2024 – present*

Lebanese University Hadath, Lebanon
B.S. in Computer Science *Nov 2022 – Jul 2024*

EXTRACURRICULAR ACTIVITIES

Participated in IEEEXtreme 18.0 and 17.0 and achieved 2nd and 12th place locally. Participated in Lebanese Collegiate Programming Contest 2024 (LCPC) and achieved 6th place. Joined GDG on Campus in 2024, as a core team member, and conducted a workshop on how to prepare for technical interviews.
