SQL, PostgreSQL
GitHub

Certifications

Artificial Intelligence Fundamentals — IBM SkillsBuild (Dec 11, 2025)
Credential ID: 30c16fb0-b864-4c3e-adcb-1693b9205a7d
Verification: https://www.credly.com

Education

Lebanese University – Faculty of Business Computer
Bachelor in Business Computing (2024–2028, expected)

Projects

WebChat Platform — Real-time chat application using React, NestJS, PostgreSQL, and WebSockets.
• Implemented authentication, real-time messaging, and database-backed user sessions.

File Converter — Full-stack web application for converting images, PDFs, and Office files.
• Built with NestJS, React, PostgreSQL, JWT authentication, and Dockerized backend.
• Integrated Sharp and PDF-Lib for file processing.
• GitHub: https://github.com/Tarekswd/file-converter

Experience

Freelance / Personal Development Projects (2022–Present)
• Built full-stack applications with authentication, dashboards, and real-time features.
• Created and deployed web applications locally and on cloud providers.

Languages

Arabic — Native
English — Fluent
