EDUCATION

Lebanese American University - Beirut

BS in Computer Science

Beirut, Lebanon

Sep 2022 – Fall 2025

- **GPA:** 3.2/4.0, *Dean's Honor List*
- **Related Coursework:** Data Structures & Algorithms, Objects & Design, Computer Organization & Programming, Web Programming, Object-Oriented Programming, Database Management Systems, Operating Systems, Parallel Programming, Computer Networks

PROFESSIONAL EXPERIENCE

AXIS Software Solutions

Web Development Intern

Beirut Lebanon

May 2025 – July 2025

- Developed full-stack web applications using Spring Boot, enhancing both front-end and back-end performance with secure authentication and efficient data handling.
- Improved proficiency in Java, applying object-oriented design principles to build scalable and maintainable codebases.
- Collaborated closely with senior developers, gaining hands-on experience with software design, security best practices, and agile teamwork.

PERSONAL PROJECTS

- **Diabetes Prediction Web Application using Machine Learning:** A web application that analyzes medical data to predict the likelihood of diabetes and assist in early risk assessment.
- **ChatX:** A real-time messaging system built to demonstrate how devices communicate over a network using client-server interaction.
- **Flight Delay Prediction using Machine Learning:** A data-driven project that predicts flight delays and explains the reasons behind predictions to improve transparency and understanding.

ACTIVITIES & LEADERSHIP

Lebanese American University

Teaching Assistant for CSC 234 (Object Oriented Programming)

Beirut, Lebanon

January 2022 – May 2022

Computer Science Club

Member

Beirut, Lebanon

September 2021 - Fall 2025

- Actively participated in club meetings, fostering collaboration and networking with peers and industry professionals.
- Attended and contributed to events hosted by the club, including coding workshops and guest speaker sessions on emerging technologies.

Event Organization Club

Member

Beirut, Lebanon

September 2021 – Fall 2025

- Collaborated with team members to plan and execute events, promoting engagement and participation within the community.
- Organized a successful fundraising event for the Children's Cancer Association in Lebanon, raising awareness and financial support for the cause.
