

## Personal Summary:

Business Administration graduate with hands-on experience across financial trading, real estate advisory, logistics, and operations support. Demonstrated ability to conduct in-depth market research, build project timelines, analyze financial data, and coordinate cross-functional teams in client-facing environments. Strong interest in financial markets, data analysis, and customer-centric solutions.

## Experience:

Beirut, Lebanon

### **KPMG Middle East**

#### [Advisory – Real Estate and Infrastructure](#)

Feb 2025 – May 2025, 3-month Intern

- Participated in Real estate advisory projects, such as highest and best-use studies (HBUs) and Feasibility analyses.
- Conducted market research and analysis to provide insights into industry trends and real estate sector dynamics.
- Assisted in the preparation of client reports, proposals, and presentations, which were essential in securing new business.
- Work closely with senior consultants on Real-Estate projects in different areas, such as commercial, residential, and mixed-use developments.

### **City Exchange**

#### [Junior Forex Trader](#)

Jul 2023 – Dec 2024

- Trade in different currency pairs and commodities depending on technical indications, economic news, and market sentiment.
- Proficiently managed to trade, taking advantage of volatility while maintaining strict risk limits during significant news events (such as OPEC meetings or FOMC decisions).
- Performed in-depth technical and fundamental analysis to identify short and long-term trading opportunities.
- Maintained detailed trade logs and performance reports for continuous strategy evaluation and compliance purposes.
- Enhanced transaction efficiency with a simplified trade execution procedure that decreased order errors and slippage.
- Analyze trade performance and alter strategies as needed to maximize profits.

### **Noamani Buildings**

#### [Real Estate Logistics Management](#)

Dec 2022 – Mar 2023, 4-month Intern

- Coordinated with subcontractors, suppliers, and labor teams to manage materials, equipment, and workflow efficiently.
- Monitor inventory levels, delivery timelines, and transportation charges to ensure timely and cost-effective delivery of goods using a tailored ERP system.
- Reported daily site activities, progress updates, and any issues or delays to project managers and senior engineers.
- Supervise material handling activities, including loading, and unloading of materials, and proper storage techniques.

### **Rentokil Boecker**

#### [Assistant Operation Management](#)

Jul 2022 – Nov 2022, 4-month Intern

- Assist the Operations Manager in overseeing the daily operations of the organization.
- Efficiently schedule and coordinate projects to ensure smooth execution within established timelines.
- Proactively follow up with customers who have submitted support tickets to address their concerns.
- Conduct customer satisfaction inquiries regarding the resolution provided, and record feedback in the customer database.
