Education

Beirut Arab University

Beirut, Lebanon

BA in Computer Science

2022 - 2025

Work Experience

Areeba

Beirut, Lebanon

Internship – Full Stack Developer

Oct. 2025 – Dec. 2025

- Worked on real-world web & mobile projects using *React.js*, *React Native*, & *node.js*.
- Worked on the *Areeba Pay application*, contributing to core project tasks and feature development.
- Developed responsive user interfaces and implemented backend APIs to support more functionalities.
- Gained hands-on experience with *Git(Bitbucket)*, API integration, and agile development workflows.

Personal Projects

- Senior Responsive Real Estate Website:

Developed a responsive full-stack real estate platform with React.js frontend and node.js backend, featuring advanced filters, dynamic listings, interactive UI, and secure database integration using MongoDB. Focused on performance, mobile optimization, and clean component-based architecture.

- Mobile News Application:

Developed a mobile news application using React Native with API integration to fetch and display real-time news content, implementing dynamic data rendering and clean UI components.

- Full stack project–Responsive Virtual Trading Profit Calculator (React.js, FastAPI):

Built a responsive full-stack app for calculating digital trading profits with tax handling, using React.js and MongoDB. Included auth, admin dashboard, rate control, history tracking, and mobile optimization and a basic chatbot to help users on the website.

- During university, I created scalable web applications using React, Python, and AI & Machine Learning. **All available to explore on my [Github Portfolio](#).**

Certificates

- *IC3 Certification* – Certiport & BAU CEC (Global Standard) Jun. 2023

- **To view more of my achievements, please visit my [LinkedIn profile](#), and [my Portfolio](#).**
