WORK EXPERIENCE

Internship, Holcom - ITG holding - Middleware Data Systems **Aug 2025 - Sep 2025**

- Developed a driver tracking and payroll mobile app using React Native CLI, integrating real-time GPS tracking and distance-based payroll automation.
- The app's success led the company to replicate and scale it for wider deployment.
- Independently solved complex technical issues during development, demonstrating strong problem-solving skills and the ability to work autonomously.

Web development, Youbee.ai

Sep 2024

- Gained expertise in HTML, CSS, and JavaScript for building interactive and responsive web pages.
- Explored advanced CSS techniques including Flexbox and Grid Layout for modern web design.
- Studied database management with Php, SQL and NoSQL systems, improving data handling and storage techniques for web applications.
- Developed multiple web projects such as Instagram clone, YouBee webpage clone, Rock-Paper-Scissors game, Loading Blurry Image effect, Expanding Cards, Progress Bar, and Hidden Search Widget.

Waiter, Le canoe

Feb 2021 - Present

- Provided excellent customer service by taking orders, serving food and beverages, and ensuring guest satisfaction.
 - Managed customer complaints and feedback effectively, striving to enhance the dining experience.
-
