SUMMARY

Android Developer specializing in native Kotlin applications using MVVM, Room, Coroutines, and Retrofit, with a strong focus on clean architecture and performance optimization. Go Backend Developer building scalable server-side systems with PostgreSQL, and developing scalable, responsive React-based websites.

CORE COMPETENCIES

- Android Development (Kotlin, MVVM, Room)
- Full-Stack Development (React, HTML, CSS, JS)
- Performance Optimization & Testing
- Backend Development (Go, REST APIs, PostgreSQL)
- Database Management & Cloud
- Problem Solving & Version Control

EXPERIENCE

Freelance Software Developer

July 2024 – Present

- Delivered production-ready web applications including eCommerce platforms and client-facing solutions.
- Specialized in full-stack development using React and backend APIs.
- Maintained direct client relationships ensuring requirements clarity and successful project delivery.

Client Project: Al Hilal Perfumes

React, Firebase, Supabase | September 2024 – November 2024

Live Demo: <https://alhilalperfumes.com/>

- Launched full eCommerce site with 50+ products, cart system, and admin dashboard.
- Improved load times by 35% using Supabase Storage and optimized React components.

PROJECTS

Wazzafak AI – Interview Prep Platform

Kotlin, Go, PostgreSQL | github.com/mohamad10447/wazzafak-ai

- **Android:** Built MVVM app with offline-first architecture—reduced API calls by 60%.
- **Backend:** Developed scalable Go REST APIs with efficient routing and database handling.

Coffee Shop Mobile App

Kotlin, Firebase

- Developed 8-screen Android app with real-time order tracking and role-based authentication.
- Cut load times by 45% through background threading and Firebase optimization.

EDUCATION

Bachelor of Science in Computer Science

Rafic Hariri University, Lebanon

Expected Spring 2026

TECHNICAL SKILLS

- Kotlin, Golang, C++, Python
- Room, LiveData, ViewModel, Coroutines
- Go (GORM, Chi, JWT), PostgreSQL
- Android Studio, XML UI, Retrofit
- Firebase, Firestore, REST APIs
- React, HTML, CSS, JavaScript

LANGUAGES

- **Arabic:** Native
- **English:** Fluent
