SUMMARY

Motivated Computer Science undergraduate with a strong foundation in programming, algorithms, and software development. Passionate about solving real-world problems and eager to contribute to impactful projects.

EXPERIENCE

Aplimedia SAL Offshore, Hazmieh, Lebanon — *Web Development Intern* Jun 2025 – Aug 2025

- Contributed to a specialized **Cooking Portal** video platform using **Laravel** (backend) and **React** (frontend).
- Implemented **user management**, **subscriptions**, and **video categorization** with a **responsive UI**.
- Collaborated effectively with team, delivering high-quality, maintainable code.

EDUCATION

Holy Spirit University Of Kaslik, Bachelor of Computer Science Sep 2022 – Dec 2025

- GPA: 3.2/4.0
- **Coursework:** Computer Architecture, Computational Theory, Operating Systems, Database Systems

Collège Notre Dame des Apôtres, Kab Elias, Baccalauréat SG Jun 2022

TECHNICAL SKILLS

- **Programming:** C++, Java (OOP, Data Structures), PHP, JavaScript, Python (scripting, data handling), HTML, CSS
- **Frameworks:** Laravel, React, React Native, Bootstrap
- **Databases:** MySQL, Database Design, SQL Queries
- **Tools:** Git, GitHub, WAMP, Figma, Excel, PowerPoint, Word, OpenGL (GLUT)

PROJECTS

TechTrek - Job Offering Platform (Web + Mobile + Database) [TechTrek](#)

- Built a **React + Bootstrap** web platform connecting tech professionals with organizations.
- Built a mobile app with **React Native**; implemented state management using **Context API** and **hooks**.
- Designed a normalized **MySQL database**; wrote efficient **SQL queries** for user tracking and job analytics.
- Ensured cross-platform compatibility and reusable, maintainable code.

VOLUNTEERING

Ray of Hope, Zahle — Assisted teachers with classroom activities and engaged in team-building games with children to promote social development. Supported multiple departments with diverse needs. Nov 2024

LANGUAGES

- **Arabic:** Native
- **English:** Fluent
- **French:** Fluent
