

Abdullah Berro

Location: Rihan, Jezzine, Lebanon

Email: aboudiberro33@gmail.com

Education: Lebanese International University (LIU), Nabatieh Campus

Professional Summary

Ambitious final-year Computer Science student at Lebanese International University with a strong foundation in full-stack development and software engineering principles. Proficient in Java, React, Node.js, and Flutter, with hands-on experience building web and mobile applications. Eager to apply theoretical knowledge and technical skills in a challenging entry-level position or internship.

Technical Skills

- **Programming Languages:** Java, Python, C#, C++, Dart.
- **Web Development:** React.js, Node.js, HTML/CSS.
- **Mobile Development:** Flutter.
- **Frameworks & Tools:** .NET Framework, Microsoft Office Suite.
- **Core Concepts:** Object-Oriented Programming (OOP), Data Structures & Algorithms, Database Management, Computer Networks, Visual Programming.

Projects

University Appointments System | *C# / .NET Framework*

- Developed a desktop application to manage university scheduling and appointments.
- Designed a user-friendly interface to handle student bookings and faculty availability.
- Implemented database connectivity to store and retrieve appointment records efficiently.

Coffee Shop Ordering Website | *React.js & Node.js*

- Built a full-stack web application allowing users to browse menus and place orders online.
- Designed a responsive frontend user interface and a backend system to process order data.

Gym Membership Application | *Flutter & Dart*

- Created a cross-platform mobile application for managing gym memberships.
- Features included user registration, profile management, and subscription status tracking.

Blind Sight Device | *Robotics / C++*

- Engineered a hardware/software solution designed to assist visually impaired individuals.
- Integrated sensors to detect obstacles and provide feedback to the user.

Simple Calculator | *Java*

- Implemented a functional calculator handling standard mathematical operations with robust user input validation.

Education

Bachelor of Science in Computer Science

Lebanese International University (LIU) - Nabatieh, Lebanon

Expected Graduation: 2026

Relevant Coursework:

Data Structures & Algorithms, Database Management Systems, Web Development, Computer Networks (1 & 2), Robotics, Visual Programming.

Languages

- **Arabic:** Native
- **English:** Fluent
