A Computer Science graduate and certified UI/UX designer. Alongside my tech career, I work in real estate as a Transaction Coordinator Manager, ensuring smooth and successful property transactions.

Experience

- Better Homes and Gardens Real Estate - working with an agent** *November 2022-present
USA (Remote)*
 - Transaction Coordinator Manager**
 - Led and supervised a transaction coordination team to ensure accurate, complete files and smooth closings
 - Trained, supported, and guided team members to improve efficiency, compliance, and closing success rates
 - Transaction Coordinator**
 - Managed property purchase offers and client follow ups through closing
 - Delivered exceptional client service through strong communication, maintaining a 95% customer satisfaction rating
- Mindflares** *October 2025*
 - ui/ux intern**
 - Designed user centered mobile screens by applying UX research, wireframing, usability best practices, and aligning all interfaces with the existing design system to maintain consistency and brand integrity.

Education

- SE Factory- UI/UX Design Bootcamp** *July 2025- October 2025*
 - Gained hands on experience applying design principles through real world projects
 - Designed a personal portfolio and a food rescue mobile app
 - Created an original infographic to present complex information clearly and attractively
 - Completed design projects including a case study redesign of the Emirates Airline search widget, a jewelry website homepage, a personal portfolio, and a custom CV.
- CNAM university** *November 2022-June 2025*
 - Bachelor of Computer Science
- AUF/Simplon- Full Stack Web Development Bootcamp** *July 2023- February 2024*
