

Raymond Tony Baraket

Computer Science Student | Junior Software Developer

Hadchit, North Lebanon | +961 70 378 777 | ray.baraket@icloud.com

Professional Summary

Computer Science undergraduate with hands-on experience in web and software development. Skilled in building responsive interfaces and developing backend APIs using modern technologies such as React.js, Node.js, and MongoDB. Motivated to contribute as a junior developer or intern and grow in a professional software environment.

Education

Bachelor of Science in Computer Science – Lebanese International University (LIU)

Expected Graduation: 2026

Technical Skills

Frontend: HTML, CSS, JavaScript, React.js

Mobile: Flutter

Backend: Node.js, PHP, Java, C#

Databases: MySQL, SQL Server, MongoDB

Tools: Git, Visual Studio, VS Code, RESTful APIs, Cisco Packet Tracer, Excel

Projects

Coffee Shop Web Application (React.js / Node.js / MongoDB)

Developed a full-stack web application for managing a coffee shop system including products and customer orders. Implemented RESTful APIs with Node.js and built responsive UI pages with React.js.

Senior Project – EZ Tech Project

Built the senior project system focusing on real-world problem solving and the full software development lifecycle (analysis, design, implementation, testing).

Contributed to core features and user experience improvements.

Personal Portfolio Website (HTML / CSS / JavaScript / PHP)

Designed and developed a responsive portfolio website to showcase projects, skills, and achievements.

Certifications

Certificate in Mobile Maintenance – CIS

Languages

Arabic (Native), English (Professional Working Proficiency)
