I'm a Software Developer focused on building modern web applications and integrating business systems. I develop scalable solutions and implement ERP integrations that support real world business processes. I enjoy solving complex problems, designing efficient systems, and delivering reliable software. I'm passionate about continuous learning and improving the way I design and build applications to create high-quality digital experiences..

## EDUCATION

---

**Lebanese International University**

**Beirut, Lebanon**

**Bachelor's of Science, Computer Science**

October 2020 - June 2023

## WORK EXPERIENCE

---
