Mechanical Engineering undergraduate with passion for creative communication and leadership. Combines technical precision with experience in community engagement, crisis management, and event coordination. Currently expanding creative capabilities and looking to leverage strong interpersonal skills and creative vision.

EDUCATION

Bachelor of Mechanical Engineering | University of Saint Joseph (USJ) – ESIB | September 2024 - Present

EXPERIENCE

Summer Camp Animator | Prunus in collaboration with Colocool | Summer 2023-2024

- Supervised and engaged with children aged 8-9, prioritizing creativity and interactive learning by leading daily activities.
- Developed high levels of patience and adaptability by managing diverse personalities and group dynamics.

LEADERSHIP & VOLUNTEERING

Girls Scout Troop Leader | Groupe de la Sainte Famille Fanar | 2024 - Present

- Leading a troop of 40 girls aged 12-14; mentoring them on leadership, confidence, and community spirit.
- Coordinating weekly activities, large-scale field trips, and camps, managing logistics and group safety.
- Managing the troop's social media presence by creating, and engaging visual and text-based content.

Emergency Medical Volunteer (EMS) | Lebanese Red Cross | September 2025 - Present

- Developed high level of emotional intelligence, courage, and ability to act decisively under pressure.
- Maintained strict focus and professional composure, ensured effective teamwork and coordination during emergency interventions.

Event Organization Volunteer | USJ - ESIB (Faculty of Engineering) | 2025 - Present

- **EFAI Conference:**
Assisted in organizing a high-level tech conference; networked with industry leaders and explored AI-driven trends in technology and design.
- **Digital Youth Leaders (DYL):**
Supported event logistics and participant engagement for a summit focused on digital leadership, technology, trends and entrepreneurship.
