PROFESSIONAL EXPERIENCE

Freelancer – Software Developer

- Working as a freelance software developer delivering mobile and web applications using Flutter, backend APIs, and modern development best practices for various clients.

Flutter Mobile Developer, Nodejs | July 2024 – December 2025

Weave Wider, Beirut

- Delivered high-quality applications by writing clean, efficient code, following best practices, and staying up to date with the latest design trends and technologies.
- Developed and maintained modern, user-friendly mobile applications for iOS and Android using Flutter, integrating RESTful APIs and applying modern UI/UX principles.

Bank-End Internship | July 2023 – September 2023

Anghami, Beirut

- Enhanced and maintained a content-detection bot that identified missing media links (YouTube, Anghami, Spotify), triggered webhooks, scraped and retrieved data via APIs, and improved system reliability through local debugging and server-side testing using PHP.
-
