

Ali Salman

Software Engineer

Address: Beirut, Lebanon | Nationality: Lebanese | Phone: +96171496872 |

Email: alislmanz111@gmail.com | [LinkedIn](#)

OBJECTIVS

Software Engineer experienced in building software solutions across various architectures, including workflow and IAM systems. Skilled in solving complex problems and optimizing existing systems

WORK EXPERIENCE

Intalio

Jan 2026– Present

Software Engineer

- Working as a Software Engineer developing and maintaining full-stack applications using ASP.NET and jQuery.
- Contributing to projects including IAM (Identity and Access Management) and workflow systems
- Maintaining and improving existing projects to meet new client requirements and enhance system performance
- Developing backend services using ASP.NET and working with relational databases such as SQL Server (MSSQL) and PostgreSQL.
- Using reporting tools such as Apache Superset and Power BI to generate client-ready reports and dashboards.
- Leveraged AI tools to optimize coding workflows, reduce development time, and enhance overall efficiency across assigned projects.

Mobilearts

Jul 2025– Sep 2025

ERP Odoo Developer Intern

- Developed and customized Odoo ERP modules using Python and XML.
- Built responsive interfaces with Odoo web framework, QWeb templates, and OWL framework.
- Implemented business workflows and automated processes for client requirements.

Modules: [Repository](#)

Techlarious & Two Of Us L.L.C.

Aug 2024 – Jan 2025

Full Stack Developer Intern

- Developed and maintained full-stack applications using MongoDB, Express.js, React.js, and Node.js.
- Built responsive and user-friendly web interfaces with React.js and Tailwind CSS.
- Implemented secure user authentication using JWT and MongoDB Atlas.
- Collaborated with team members to deliver high-quality software solutions.
- Gained hands-on experience in REST APIs, database management, and modern development tools.
