Beirut, Lebanon | +961 81958288 | ridahaidar992@gmail.com

LinkedIn: <https://www.linkedin.com/in/rida-haidar-71630b387PROFILE>

Master's student in Management Information Systems with a strong foundation in business and technology. Holder of a Bachelor's in MIS from Lebanese University (2025) and currently pursuing a Master's (Expected 2027). Experienced in event operations, team leadership, customer-facing roles, and software development (C#, .NET). Passionate about solving problems with technology, improving workflows, and leading teams. Open to roles in IT, coordination, and management.

EXPERIENCE

Assistant Manager & Event Operations Coordinator

ARYS Street Festivals - Beirut, Lebanon | June 2023 - Present -
Managed planning, vendor/artist coordination, and city approvals.
- Supervised operations: team schedules, logistics, and inventory.
- Led event setup, public flow, and client service.
- Trained staff, improved workflow, and resolved real-time issues.

Team Leader

Antika Bar - Beirut, Lebanon | Jan 2022 - Jan 2024
- Managed shift schedules, delegated tasks, and maintained bar operations.
- Trained new hires and ensured customer satisfaction.
- Resolved staff and client issues efficiently in high-pressure settings.

Junior Web Developer (Freelance)

Jewelry Shop Project | Jan 2024 - Jun 2024
- Built a C#/.NET e-commerce site for a family jewelry business.
- Created front-end with HTML/CSS and backend logic for products and contact forms.

PROJECTS

Jewelry Shop Web Application

Feb 2025

- Designed and developed a web-based store using C# and .NET.
- Created product pages, contact forms, and inventory views.

Trading Order Management System (Java)

Mar 2026

- Developed a Java desktop application to create and manage trading orders.
- Implemented a graphical user interface using Java Swing.
- Applied Object-Oriented Programming (OOP) and ArrayList to manage orders.
- Implemented file handling to store and retrieve order data.
