EDUCATION

Bachelor of Science Information Technology
Lebanese International University
01/06/2026 | Tripoli, Lebanon
Dean's List: Fall 2023 - 2024, Spring 2023 - 2024, Spring 2024 - 2025, Fall 2025 - 2026 3.8 / 4 GPA

High School Diploma
Al Kalima School - St.Anthony
01/06/2023 | Zgharta, Lebanon
Lebanese Baccalaureate – Life Sciences 14.333 Score

SKILLS

Linux & Windows System Administration, Networking & Cisco Technologies (CCNA-Level), IT Support & Troubleshooting, Cybersecurity Fundamentals, Server Management & Active Directory, Web Development (React, Node.js, PHP), Database Design & SQL, Mobile App Development (Flutter, Android), Command-Line Tools & Automation, Hardware Integration & Arduino Projects, Cloud Hosting & Deployment, Open-Source Systems & Self-Hosting

ACADEMIC & PRACTICAL EXPERIENCE

Built full-stack web applications with: React frontend + Node.js REST API backend PostgreSQL and MySQL databases Proper deployment and hosting (Render, Railway, InfinityFree) Developed Windows desktop applications using: Visual C# WinForms ADO.NET with SQL databases Admin dashboards and user management systems Designed and implemented mobile applications using Flutter with database integration.

PROJECT HIGHLIGHTS

Developed a full-stack music records web platform with admin dashboard (React, Node.js, PostgreSQL). Created a Flutter to-do list mobile app with MySQL backend and cloud hosting. Built a Windows-based university registration system with admin panel using C# and SQL. Implemented a Windows Server FSRM project with quotas, file screening, automation, and reporting. Created a PC shopping website using PHP, HTML, CSS, Bootstrap, and deployed it live.

SYSTEMS & IT ADMINISTRATION

Hands-on experience with: Windows Server administration, including File Server Resource Manager (FSRM) Quota management, file classification, automated reports, and storage policies Active Directory user/group management and domain services Longtime In-Depth Hobbyist Experience with: Practical Linux system administration experience through free & open-source projects (Arch Linux, Fedora Linux, Ubuntu, Debian, and all the derivatives, worked with SSH, SMB, Remote Desktop hosting, FTP, interconnecting and pairing multiple linux systems, BTRFS ext4 NTFS exFAT Filesystem troubleshooting and recovery)

PROFESSIONAL SUMMARY

High-achieving IT Student & Tech Hobbyist. Dedicated university student and Dean's List recipient with a strong foundation in System Administration, Networking, and Software Development. A proactive "power user" and fast learner with extensive hobbyist experience in Linux (GUI/CLI) and home-lab environments. Bridging the gap between academic theory and practical application through a portfolio of self-hosted projects and three Cisco student-level certifications. Eager to apply my adaptability and technical troubleshooting skills to practice.

LANGUAGES

- Arabic** — Bilingual or Proficient (C2)
- English** — Bilingual or Proficient (C2)
- French** — Beginner (A1)

CERTIFICATIONS

- CCNA: Introduction to Networks** (Cisco Networking Academy)
- Cisco Network Security** (Cisco Networking Academy)
- Cisco IT Essentials** (Cisco Networking Academy)

PROGRAMMING & DEVELOPMENT

Programming Languages & Tools
Java, C#, JavaScript, PHP, SQL, Dart, C (Beginner Threading & Forks) & C (Arduino)

Web Development
Frontend: HTML, CSS, Bootstrap, React, TailwindCSS Backend: Node.js (REST APIs), PHP

Databases
MySQL, PostgreSQL, SQL Server

Mobile Development
Flutter (Android apps) Android app development and deployment fundamentals

CORE TECHNICAL SKILLS

Advanced user of Microsoft Office & LibreOffice (Word, Excel, PowerPoint, Calc, Writer). Highly adaptable across Windows, macOS, and Linux environments. Strong experience with both GUI and command-line interfaces, especially on Linux. Fast learner with the ability to quickly adapt to new tools, systems, and workflows. Extremely proficient with Linux Operating Systems and Headless Homelab Servers.
