

Ahmad Chaar

Full-Stack Web Developer

✉ aluvf9499@gmail.com ☎ 78813744 📍 Tripoli 🇱🇧 Lebanese 🌐 ahmad-chaar 🔄 Ahmad00ch

PROFILE

Full-stack web developer skilled in building modern, responsive, and database-driven applications using JavaScript (ES6+), React, Node.js, PostgreSQL and MongoDB. Focused on clean code, performance, and intuitive user experience. Passionate about continuous learning, problem-solving, and creating real-world solutions.

PROJECTS

E-Commerce Application — Full Stack Web Application

- Developed a complete full-stack e-commerce platform with user authentication, product management, shopping cart functionality, and integrated payment processing. Built with React for dynamic UI, Express.js backend with MongoDB for data persistence, and Stripe payment integration. Implemented role-based access control with admin and customer dashboards, product image uploads via Cloudinary, and order management system.
- **Technologies:** React.js, Node.js, Express.js, MongoDB, Mongoose, Stripe, Cloudinary, JWT Authentication, Bcrypt, Multer, Tailwind CSS, Vite, Context API, REST APIs.

Book Notes Library — Personal Reading Tracker

- A full-stack web application where users can catalog books they've read, upload cover images, rate them with an interactive star system, and write detailed notes about key takeaways and insights. The app features dynamic sorting (by rating, recency, or title) and a responsive card-based layout.
- **Technologies:** Node.js, Express, EJS, PostgreSQL, Multer.

Travel Tracker — Web App to track visited countries

- A simple web application where users can add the countries they've visited and see them highlighted on an interactive map.
- **Technologies:** Node.js, Express, EJS, PostgreSQL.

Gemini Clone

- Gemini 2.5-Flash Clone Using React JS and Gemini API

Basketball Teams Management System

- The Senior Project Using PHP

Simon Game

- a simple game using JS

Guess Game

- a simple game using html/css/JS

SKILLS

Frontend :

React.js · JavaScript (ES6+) · Vite · Tailwind CSS · HTML5 · CSS3 · Bootstrap · jQuery

Databases :

MongoDB · Mongoose · PostgreSQL · SQL

Additional Languages :

PHP · C#

Backend :

Node.js · Express.js · REST APIs · Sessions & JWT Authentication bcrypt · Multer

Cloud & Deployment :

Vercel · Git · GitHub · Postman

EDUCATION

Bachelor's in Computer Science

Lebanese University

09/2022 – 09/2025

Bachelor's in Mathematics

Lebanese University

09/2018 – 09/2021

CERTIFICATES

Full-Stack Web Development — Udemy (Dr. Angela Yu)

LANGUAGES

Arabic — Native/Bilingual

English — Fluent

French — Proficient
