SUMMARY

Motivated Computer and Communications Engineering student with a strong foundation in software development, networking, and system design. Experienced in building backend systems, RESTful APIs, and full-stack web applications using modern technologies. Skilled in problem-solving, teamwork, and adapting to new technologies, with growing expertise in databases, containerization, and distributed systems.

EDUCATION

Lebanese University – Faculty of Technology, Abey
Bachelor's in Computer and Communications Engineering (CCNE)
2023 – 2026

EXPERIENCE

Backend Developer Intern – IDS

December 2025 – January 2026

- Developed backend features using ASP.NET Core and C#
- Built secure RESTful APIs for courses, quizzes, and user progress
- Integrated Next.js frontend with backend services
- Designed and managed SQL Server database using Entity Framework Core
- Tested and documented APIs using Swagger (OpenAPI) and Postman

Frontend Developer Intern – OGERO

July 2025 – August 2025

- Developed responsive and scalable web interfaces using React.js and Bootstrap
- Improved UI/UX design and overall user experience

TECHNICAL SKILLS

Programming: Java, C#, C, JavaScript, PHP, MATLAB

Web & Backend: ASP.NET Core, Node.js, REST APIs, Next.js, React.js, HTML, CSS

Databases: MySQL, PostgreSQL, Microsoft SQL Server

Tools: Git, GitHub, Docker, Swagger, Postman

Concepts: OOP, Data Structures, OS, Networking (TCP/IP, OSI, Routing & Switching)

SOFT SKILLS

- Problem-solving and analytical thinking
- Teamwork and collaboration
- Communication skills
- Time management and organization
- Adaptability and fast learning

LANGUAGES

English: Fluent | Arabic: Native
