PROFILE

Senior Computer Science student with a passion for building desktop programs, websites, database systems and applications. I have worked in retail for 4 years; starting off as a salesperson at Virgin Megastores and working my way up to become a Duty Manager and to leading the opening of a new branch. My experience in retail has sharpened my leadership, communication, management and organization skills. My background in both academics and retail have refined my ability to create complex programs, organize and structure diagrams, work and sort a heavy amount of information and ensure optimal performance in the work that I do.

EDUCATION

Bachelor of Science in Computer Science | [Lebanese International University](#) 2022 – Present (Senior)

Expected Graduation: 2026 | Currently completing senior year project and research paper.

ACADEMIC & PERSONAL PROJECTS

Senior Year Project – Task Manager Web Application

- Full-stack task management platform currently in active development as senior year project.

Research Paper – Lambda Calculus, Church Numerals & Time Complexity

- Investigating the theoretical relationship between lambda calculus, Church numerals, and computational time complexity.

E-Commerce Mobile Application (Flutter & PHP)

- Built a fully functioning mobile e-commerce app with a Flutter frontend and PHP backend, supporting product browsing, cart management, and order processing.

Cinema & E-Commerce Web Applications (React & Node.js)

- Developed responsive web applications for a cinema booking system and an e-commerce store using React for the frontend and Node.js for the backend.

Hospital Database System (MySQL)

- Designed and implemented a comprehensive relational hospital database covering patients, staff, appointments, and medical records.

Wallet Manager Desktop Application (Visual Studio / C#)

- Created a personal finance desktop application to track income, expenses, and budgets with an intuitive UI.

Autonomous Obstacle-Detection Robot (Arduino)

- Engineered a fully functional robotic car using Arduino, integrating ultrasonic proximity sensors to detect and avoid obstacles in real time.

WORK EXPERIENCE

Sales Associate | [Toys"R"Us & LEGO Brickstore](#) 2025 – Present

- Sought new opportunities to expand professional experience beyond the electronics retail sector.
- Provided engaging, knowledgeable customer service across toy and LEGO products.
- Supported daily store operations, product displays, and inventory management.

Branch Opening Lead – Beirut Souks | [Virgin Megastore](#) 2024 – 2025

- Selected to lead the setup and launch of a new Virgin Megastore branch at Beirut Souks.
- Oversaw store layout design, visual merchandising, and product display planning from the ground up.

- Managed daily sales tracking, opening and closing procedures, and customer service operations.

Duty Manager & Customer Service Supervisor | **Virgin Megastore** 2023 – 2024

- Promoted to Duty Manager after demonstrating strong performance and reliability.
- Managed staff schedules, daily operations, and team coordination across shifts.
- Handled customer inquiries, exchanges, and repair communications directly, ensuring high satisfaction.
- Monitored daily sales figures and reported performance to senior management.

Sales Associate & Cashier | **Virgin Megastore** 2022 – 2023

- Delivered exceptional customer service in a fast-paced retail environment.
- Developed strong sales pitching and upselling skills across electronics and entertainment products.
- Took full responsibility for cash handling, register operations, and end-of-day reconciliation.
- Contributed to visual merchandising and maintained store presentation standards.

TECHNICAL SKILLS

Languages & Frameworks: Java, JavaScript (React, Node.js), Dart (Flutter), C#, SQL, Microsoft Office(Excel, PPT, Word)

Databases: MySQL, relational database design

Tools & Platforms: Visual Studio, Arduino, Git, VS Code, Eclipse

Areas of Study: Operating Systems, Algorithm Design & Analysis, Database Systems, Mobile & Web Development

SOFT SKILLS

Team Leadership • Customer Service • Staff Scheduling & Management • Sales & Upselling • Visual Merchandising • Problem Solving • Communication • Adaptability

LANGUAGES

Arabic (Native) **English** (Fluent)

Hobbies

Piano – Muay Thai – Reading
