PROFESSIONAL SUMMARY

Highly motivated full stack web developer with a passion for problem-solving and technology. Quick learner with strong adaptability to new tools and frameworks with excellent time management and organizational skills. Dedicated to delivering user-friendly, client focused applications with modern technologies.

EXPERIENCE

Full Stack Web Development, The Digital Hub | UNRWA 01/2026 – 05/2026

- Completed an intensive full-stack program covering React, Next.js, Node.js, Express, MERN, Next.js, Django.
- Built and deployed responsive web applications with MySQL, PostgreSQL, MongoDB, REST APIs, & state management using TanStack & Zustand.
- Applied SOLID principles, design patterns, clean code practices in an Agile environment using Git, GitHub collaboration, & Jira.
- Integrated AI features into web applications & deployed projects via Vercel and Render with CI/CD basics.

Customer Service & Sales Associate, Zein Cell 08/2025 – 11/2025

- Assisted customers with product selection, sold phone parts and accessories, and promoted featured items.
- Managed daily cash handling and maintained smooth store operations in a fast-paced retail environment.

Data Management Officer, UNRWA 06/2025 – 08/2025

- Validated data and resolved errors in Excel to support accurate and reliable team reporting.
- Organized and optimized large digital file systems by cleaning, structuring, and filtering content to improve accessibility and workflow efficiency.

PROJECTS

Bookai, SaaS Website 05/2026 – 05/2026

Bookai is a multi-tenant SaaS booking platform featuring Arabic & English voice booking, real-time slot management, SMS reminders, analytics, & role-based dashboards. It also includes subscription plans & secure payment management for business feature upgrades. *Github* 🌐

HubConnect, MERN Stack Website 02/2026 – 03/2026

Built a role-based platform centralizing cohort management, task assignments, real-time chat, & attendance for tech hubs, using React, Node.js, Express, PostgreSQL, Socket.io. *Github* 🌐

Sweets Shop, Fresh Time store 02/2025 – 05/2025

Built & delivered a full-stack React website for a real store in Tyre with admin authentication and dynamic content management (admin panel access restricted to client). *Link: freshtime1.com* 🌐

University graduation project, Editing Website 03/2024 – 06/2024

Built a Flask-based image editing web app with background/human blur, background replacement, enhancement, cropping, resizing, and a deep learning model to predict human gender. *Github* 🌐

EDUCATION

Bachelor of Science in Computer Science, 2021 – 2024 | Tyre, Lebanon
Lebanese International University 🌐
