

Ali Ibrahim Assi

Computer Science Student | Software Engineer

•Beirut, Lebanon|+961 81 828 476|aliassi720@gmail.com|³ [LinkedIn: Ali Assi](#)

PROFILE

Motivated and detail-oriented Computer Science student with hands-on experience in web and software development. Skilled in building user-friendly, responsive applications and managing both frontend and backend tasks. Demonstrated ability to balance academic excellence with professional work experience. Passionate about continuous learning, teamwork, and solving real-world problems through technology.

EDUCATION

Bachelor of Science in Computer Science

Antonine University | 2022 – 2026 | Beirut, Lebanon

PROFESSIONAL EXPERIENCE

Web Development Internship — XpertBot

 Beirut, Lebanon |  March 2025 – September 2025

- Learned and applied **Laravel** for backend web development.
- Worked with **Git** for version control and collaboration.
- Built and maintained web application features using PHP and MVC architecture.
- Practiced code management, commits, branching, and project organization.

PROJECTS

- **Tracy Renting App (React)** – Built a responsive property rental web app using modular React components and state management.
- **Car Rental Website (HTML/CSS/JavaScript)** – Developed a responsive car rental platform with booking functionality and dynamic UI.
- **School Management System (C++)** – Created a console-based system for managing students, teachers, and courses using OOP and file handling.
- **Clinic Management System (JavaFX)** – Developed a GUI-based clinic system for patient, appointment, and billing management.
- **UI/UX Design Project (Figma)** – Designed interactive UI/UX prototypes focused on usability and modern design principles.
- **Money Transfer System (Laravel, SQL, APIs)** – Built a secure full-stack transfer system with authentication, transactions, and fraud-prevention features.
- **Task Management System (.NET Core, ASP.NET Core Web API)** – Developed a task management platform with CRUD operations, authentication, role-based authorization, and Entity Framework Core Code First database integration using RESTful APIs.

SKILLS

- **Languages:** C#,C++,Java, JavaScript, HTML, CSS
- **Framework:**Laravel, React, .net
- **Database:**mySQL
- **LANGUAGES:** Arabic:Native,English:Fluent
