

PROFESSIONAL SUMMARY

Fresh Computer Science graduate with hands-on experience in frontend web development. Experienced in building responsive and scalable web applications and real-world platforms with features such as authentication, dashboards, and real-time communication. Uses AI tools to help solve problems, improve coding speed, and support learning and debugging. Passionate about creating user-friendly digital experiences and continuously improving technical and problem-solving skills in collaborative environments.

EXPERIENCE

Web Development Intern

Full-Stack Web Developer — Khidmati Services Marketplace (TechTalks)

March 2026 – May 2026

- Designed and developed a frontend services marketplace platform.
- Built responsive user, provider, and admin dashboards.
- Implemented authentication, role-based access control, notifications, and chat system.
- Improved UI/UX responsiveness and application structure across devices.
- Worked on frontend development, backend integration, database operations, and deployment workflow.
- Recognized as Top Performer Intern for strong technical contribution and problem-solving.

SoftGrowTech

Feb 2026 – March 2026

- Developed and deployed responsive web applications as part of internship project.
- Developed an E-commerce Website (**Home & Style**) with product listing, cart functionality, and favorites feature.
- Improved layout structure, responsiveness, and reusable component design.

PROJECTS

Khidmati Services Marketplace (TechTalks)

- Full-stack services marketplace connecting customers with service providers.
- Built using Next.js, React.js, TypeScript, MongoDB, Tailwind CSS, and REST APIs.
- Live Demo: (<https://khidmati-pi.vercel.app/>)
- GitHub: (<https://github.com/marwash2/techtalks-services-marketplace>)

E-commerce Website

- Developed a user-friendly E-commerce Website for academic purposes, available at <https://github.com/malikitani-bey-hub/SmartX>.
- Built using PHP, HTML/CSS, JavaScript.
- Implemented product browsing, shopping cart management, and an admin panel for managing products and categories, integrated with MySQL database. The site is fully responsive, providing a seamless shopping experience on desktops, tablets, and mobile devices.

E-commerce Website (SoftGrowTech)

- Built a complete online store with product filtering, cart system, and wishlist features.
- Built using HTML/CSS, JavaScript.
- Live Demo: (<https://home-style-18f57b.netlify.app/>)
- GitHub: (https://github.com/malikitani-bey-hub/MalekItani_E-Commerce-Website)

EDUCATION

Bachelor’s Degree in Computer Science (Graduated: 01/2026)

Lebanese International University (LIU), Beirut

GPA: 3.28

Certificates

- Bachelor’s Degree in Computer Science — Lebanese International University (LIU).
- Internship Certificate — TechTalks.

Skills

Frontend Development: HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js..

Backend & APIs: PHP, REST APIs.

Databases: MongoDB, Database Management.

Tools & Workflow: Git, GitHub, Jira.

Programming Language: Java.

Soft Skills: Problem Solving, Teamwork, Communication, Time Management, Adaptability.

LANGUAGES

- English (Fluent)
- Arabic (Fluent)
