

Tony Katrib

Front-End Developer | UI/UX Designer

Lebanon | +961 81 207 953 | katribtony4@gmail.com | linkedin.com/in/tony-katrib | behance.net/tonykatrib

PROFESSIONAL SUMMARY

Front-End Developer and UI/UX Designer with hands-on contract and freelance experience in React, React Native, TypeScript, and Figma. Delivered web and mobile products across diverse industries. Trilingual in Arabic, English, and French.

EXPERIENCE

UI/UX Designer (Contract) | ADADK

Lebanon | March 2026 - June 2026

- Led the UI/UX design of a water management web app, covering the full user dashboard across 10+ screens for tracking and managing water consumption.
- Designed the mobile application for field plumbers, including new screens integrated into an existing design system.
- Collaborated closely with frontend, backend, and AI developers to ensure designs were technically feasible and properly handed off.

React Native Developer (Contract) | Sudoku Forge

Lebanon | November 2025 - March 2026

- Implemented Figma designs into a cross-platform React Native game for iOS and Android using MacInCloud for iOS builds.
- Developed UI components and screens with a focus on pixel-accurate implementation of the designer's vision.
- Coordinated with the project owner, designer, and backend developer throughout the development process.

Product Designer (Contract) | WASLA App

Lebanon | September 2025 - January 2026

- Conducted user research interviews to identify pain points and define core user needs, shaping the product roadmap.
- Designed end-to-end user flows, activity diagrams, and a comprehensive design system in Figma.
- Created high-fidelity UI screens and collaborated with the product team on feature scoping and prioritization.

UI/UX Designer and Front-End Developer (Contract) | Lebmapper

Lebanon | February 2025 - November 2025

- Designed the full app UI/UX in Figma, creating activity diagrams and high-fidelity screens for both passenger and driver apps.
- Developed two cross-platform React Native mobile applications for passengers and drivers.
- Collaborated with the team on feature definition and overall product experience.

React and React Native Developer (Internship) | Eurisko Mobility Bootcamp

Adma, Lebanon | March 2025 - June 2025

- Built responsive web apps using Vite, TypeScript, and Tailwind CSS and cross-platform mobile apps with React Native.
- Integrated REST APIs, managed application state, and completed full deployment for iOS and Android.

Web Developer (Internship) | Professional Computers

Byblos, Lebanon | July 2024 - September 2024

- Designed interfaces in Figma and built responsive front-end layouts using HTML5, CSS3, and JavaScript.
- Developed back-end features with .NET and C#, integrating SignalR for real-time communication.

Freelance Web Designer and Developer | Self-Employed

International Clients | May 2022 - Present

- Designed and developed websites for 10+ clients across Lebanon, UK, France, and Canada spanning agency, construction, automotive, and marketing sectors.
- Maintained returning clients, demonstrating consistent quality and client satisfaction.
